

## ACC makes it count at Citibank

ACC Construction, a leading Women's Business Enterprise (WBE) General Contracting and Construction Management firm, has just completed a 3,300 s/f core-and-shell project for a Citibank branch at 240 North Avenue in Westfield, NJ, announces Michele Medaglia, president and CEO of ACC.

The project, which had a tight 10-week schedule, entailed the installation of structural steel for safes and ATMs, framing, drywall, bathroom installation, HVAC, new electric service and sprinkler system. Finishes included bulletproof sliding glass partitions, stone flooring, ceramic tiling, carpet

installation and vinyl composition tile (VCT).

ACC has extensive experience in branch bank renovations, out-of-ground construction and interior fit-outs," said Medaglia. "Working with Citibank was yet another great experience with financial facilities."

In addition to Citibank, ACC's list of prominent financial clients, includes American Home Mortgage, Atlantic Bank of New York, Chase Bank, Commerce Bank, Deutsche Bank, E\*Trade, Gottex Fund, J.F. Hartfield, Northfork Bank, Red Coat Capital, SAC Capital Advisors and Key Bank.
